ORGANIZATION

Thika Road Christian Nursery School was begun in 1978 as a ministry of Thika Road Baptist Church. It grew to four Nursery classes which accommodate 110 children and two Pre-Unit classes preparing children for Standard 1.

In 1985, Thika Road Christian School began as a private, non-profit school with one Standard 1 class. The pioneer Standard 8 class sat for K.C.P.E. for the first time in 1992. The following year a second-stream was begun with two Standard 1 classes. Each year one class was added until the double stream was finished in the year 2000. Several development projects were completed in the following years: School dining hall and kitchen, football field and athletics track, basketball court and parking area.

In January 2008, a third stream of classes from nursery through standard 8 began. Class size will be kept to an average of 30 students. Our goal is to provide the best Bible-centered education to produce the finest girls and boys, able to apply God's Word to every part of their daily life, prepared for future study and responsibilities.

PURPOSE

The purpose of this school shall be to provide a Christ-centered general education in a manner that will glorify God. Instruction of high academic quality along with training in Christian character will prepare pupils to take their place in the home, the Church, the nation and their vocations or professions. Our motto is Biblical Training for Godly Living.

VISION

To glorify God as a model Christian school in principle and practice.

THE SCHOOL EMBLEM

- BIBLE** - The open Bible shows that all areas of academic learning must be based on the Word of God and that all learning must be integrated with Scripture.
- LAMP** - Our school seeks to provide challenging and high quality learning experiences in as many fields of knowledge as possible.
- CROSS** - Jesus Christ came to earth to die for our sins. This is the good news we must give others by our words and by our example.

CURRICULUM

Thika Road Christian School follows the 8-4-4 syllabus detailed by the Ministry of Education. Textbooks have been carefully selected to provide a comprehensive treatment in each area of learning in proper sequence. English, Reading and Science are supplemented by textbooks from a Christian publisher.

Since we believe that "The fear of the Lord is the beginning of knowledge," Bible is taught each day. In addition, Bible truths are integrated with all learning objectives. Our goal is to meet the spiritual and moral needs of our students as well as preparing them academically.

ACTIVITIES

A well-rounded programme in addition to a strong academic foundation.

P.E. LESSONS and Swimming Instruction (Standards 1 - 8)
CREATIVE ARTS: Art and Music weekly (Standards 1 - 7)
COMPUTER LESSONS (Standards 1-8)
